Great Wall Tour by Helicopter

You may have climbed the Badaling Great Wall in Beijing, but did you experience the feeling of flying over the Great Wall? If hiking on the Great Wall is an amazing experience, then taking a bird's eye view of the wall will absolutely take your breath away. The helicopter company provide tourists security guarantees, distinguished service, excellent and professional technology. You can fly like a bird and cast off the chains of gravity to enjoy grand vision of classic panoramic view of the Badaling Great Wall. You will sit inside the helicopter, contact with the pilot intimately and overlook the great wall and beautiful mountains from the sky. It must be an unforgettable and permanent memory.

Special Activities

Huangpu River Cruiser

Huangpu River Cruise has been regarded as one of the most important and traditional tourist activities at night. It is known to all that the beautiful Huangpu River, also called the mother of this metropolis, embodies all the essences of Shanghai's attractive scenes. During the cruise, visitors can enjoy the magnificent scenes on both banks. On the west bank dozens of imposingly tall and distinct buildings of different foreign architectural styles make up a never-to-be-forgotten night scene, forming a sharp contrast with those modern high rises on the east bank.

Special Activities

Ski at Badaling Ski Resort

Badaling Ski Resort is perched about 2km west of Badaling Great Wall, approx. 80km northeast of Beijing city center. Badaling Ski Resort is set on the most popular travel route in Beijing which is dotted with some interesting sights like Longqing Gorge (Longqing Gorge Ice Lantern Arts Festival in winter), Badaling Great Wall, Juyongguan Great Wall and Ming Tombs. Some skiers come to Badaling Ski Resort due to its proximity to Badaling Great Wall. These two sites can be combined into a day trip.
